Inter-topic feedback sessions

Present your feedback to each other.

How it works.

Same as CodeCamp presentations.

- Enter BOR indicated on next slide.

- Teams B and C (and maybe D) share their feedback for Team A.

- Discuss also implementation methodologies, anything interesting in the project.

- Switch to giving feedback to Team B, etc.

- If a team is missing from your BOR, please let me know.

BORs for teams.

Cross-topic presentations

Popcorn presentations to see other topics.

3 rounds of short presentations.

- 1 round for each topic, 10 minutes per round.

- Presenting teams:

  - Go to your assigned BOR.

  - Wait a minute for settling time.

  - Give a short (2-3 minute), informal presentation of your package. Live-demo your main script/notebook. Answer questions.

- Other teams:

  - Find a project/team you want to hear about and enter the BOR.

  - Listen to the presentation/live-coding demo and ask questions, if you have them.

  - If a presenting team is missing, please let me know.

- I will close/re-open BORs when time to switch rounds.

In a few weeks...
- Group feedback will be released through Learn Assignment.
- Grades will be released through normal system.
- We probably will not release individual feedback by default. You are welcome to contact me and ask for it.

Wrap up and thanks

So long and thanks for all the fish.
